Step by step Monbulk College Airwatch installation instructions

Ensure the iPad is connected to wifi and complete these steps after 18 January 2016

1. Open Safari

2. Navigate to the URL provided

   http://ds500.airwatchportals.com

3. Enter the Group ID – MONB2016

4. Enter the provided username & password

5. Read & accept the Terms of Use

6. Select Redirect and Enable

7. Select Install
8. Enter the Passcode (if enabled)

9. Select Install

10. Select Install

11. Select Trust

12. Select Done

13. You may now continue using the iPad as normal
14. When requested (this may take several minutes), select Continue for App and Book Assignment.

15. Select Sign In

16. Sign in to the iTunes store using the Apple ID and password

17. Read & Agree to the Terms and Conditions

18. Select Agree

19. Select OK
20. You may be prompted to download other free Apple Apps

Installing Apps
1. You will be prompted to begin installing Apps. It may be up to 1 hour until this occurs.
   Select install for each of the Apps when prompted. This can be delayed and completed later by selecting Cancel. Follow the remaining steps to install Apps manually.

Installing Apps manually
1. To install manually go to the Monbulk App Catalogue
2. Select Install for the appropriate App
3. Select Install to confirm
4. Select Install
5. The App will now begin to download. The icon will be fully visible when the download is completed.
